USAID
FROM THE AMERICAN PEOPLE

Assistance to Basic Education (ABE)

J&A

J&A is an independently owned and operated research and management consulting firm which provides quality services to government agencies, business and industry, educational institutions and community organizations worldwide. Our firm, founded in 1971, is committed to problem-solving research and consulting from an interdisciplinary perspective. With offices in Los Angeles, Washington DC, Guatemala City and Kingston, Jamaica, J&A has a proven track record in providing full-service custom consulting and research services in the developing world and the United States.

How to access J&A Services

Scopes of work should be forwarded from the USAID Management Unit to USAID/EGAT/ED, Rebecca Adams, ABE/BE CTO. rebeccaadams@usaid.gov
202-712-0842

Once the SOW is approved, the management unit may choose to select J&A as a sole-source, small business without competing the task order.

Assistance to Basic Education

J&A heads a consortium under an USAID Indefinite Quantity Contract to provide short and long-term assistance to improve and expand access to quality basic education in developing and transforming countries. Program areas include primary and secondary education, teacher training, early childhood development and literacy training for adults and adolescents. This award allows USAID missions and offices to easily access a wide range of basic education technical assistance and services in program design, implementation and evaluation. The award covers the period from September 2005 to September 2010 with work permitted until 2013.

Our Partners

The Juárez team includes four experienced organizations as sub-contractors:

Children's Resources International (CRI) is a non-profit education organization that promotes democratic educational practices for children, their families and their teachers around the world.

Management Systems International (MSI) is a professional services contractor offering expertise in managing policy change, planning, measurement and evaluation, institutional development, gender mainstreaming and training.

DevTech Systems, Inc., an international consulting firm, specializes in providing technical assistance to help governments and civil society to stimulate economic growth and combat poverty.

Mariposa Consulting, LLC is a small business offering financial management, applied research, evaluation and training services to government agencies and the NGO sector.
